

DDA SUBJECT THE COPY

12 FEB 1988
DA 88-0328

MEMORANDUM FOR: Deputy Director for Operations

FROM: R. M. Huffstutler
Deputy Director for Administration

SUBJECT: Request for Additional Positions to Meet PTPE
Pouching Requirements

REFERENCE: DO/IMS 87-321; same subject, undated

1. We sympathize with your need for additional positions for your Information Management Staff for the Plain Text Processing Equipment (PTPE) program, but regret that similar shortages preclude us from transferring positions to you.

2. We are currently operating the PTPE facility with only 65 percent of the required staffing. The Office of Security received only 12 of the 15 positions it requested in FY-1987 and only two of nine requested in FY-1988. The Department of State provided some personnel support late in FY-1987, and we are still waiting for the few people promised for FY-1988.
